

NEW HORIZONS 2025

X International Scientific Conference of Transport and Communications – TransportaCom

Faculty of Transport and Traffic Engineering Doboj, University of East Sarajevo

05-08.11.2025.

Faculty of Transport and Traffic Engineering Doboj, Vojvode Mišića 52,
74000 Doboj

The selected papers of the conference will be published in the **Lecture Notes in Intelligent Transportation and Infrastructure**, which is indexed by **SCOPUS**

The selected papers in extended versions will be recommended for publication in SCOPUS indexed journals:

International Journal of Transport Development and Integration (IJTDI)

Ingegneria Ferroviaria

University of Novi Sad, Faculty of Technical Sciences, Serbia

Vilnius Gediminas Technical University, Faculty of Transport Engineering, Lithuania

University of Belgrade, Faculty of Transport and Traffic Engineering, Serbia

University of Pardubice, Faculty of Transport Engineering, Czech Republic

Technical University of Crete, School of Production Engineering and Management, Greece

University of KwaZulu-Natal, School of Engineering, Discipline of Civil Engineering, South Africa

Ondokuz Mayıs University, Engineering Faculty, Turkey

Maritime University of Szczecin, Faculty of Navigation, Poland

Georgian Technical University, Faculty of Transport Systems and Mechanical Engineering, Georgia

University ST. Kliment Ohridski, Faculty of Technical Sciences Bitola, North Macedonia

Faculty of Economic, Administration, and Social Sciences, Kadir Has University, Turkey

University of Priština in Kosovska Mitrovica, Faculty of Technical Sciences, Serbia

University of Sarajevo, Faculty of Transport and Communications, Bosnia and Herzegovina

University of Ljubljana, Faculty of Maritime Studies and Transport Communications, Slovenia

Transport and Telecommunication Institute, Latvia

MCKV Institute of Engineering, India

International Information and Engineering Technology Association (IETA), Canada

International Society of Fuzzy Set Extensions and Applications (ISFSEA)

This Conference is supported by the European Platform of Transport Sciences

The conference will be held in a hybrid format: Physical (in-person) and online participation.

Dear Colleagues, Partners and Guests

It is our distinct pleasure to invite you to attend the X international conference of the first category NEW HORIZONS of Transport and Communications 2025 - TransportaCom. The Conference will be held on November 05-08, 2025 in Dobo, Republic of Srpska, Bosnia and Herzegovina, at the Faculty of Transport and Traffic Engineering, University of East Sarajevo. This year's conference is very special for us because we celebrate 20th anniversary (the conference is held biennially). Throughout the previous period, we worked hard in order to make our conference great and recognizable in the region. Accordingly, the conference attendees will have the chance to present their work on current hot and most important topics presented below.

LIST OF CONFERENCE TOPICS

Road Transport and Traffic

Traffic planning and design
Road traffic management
Road traffic safety
Road infrastructure
Sustainable transport and urban mobility
Transport policy and strategy
Maintenance and exploitation of vehicles in road traffic

Railway Transport

Railway transport systems
Advanced railway technologies
Railway transport infrastructure, planning and design
Modelling and simulation of railway transport
Transport policy and strategy
Energy efficiency and rail electrification

Logistics and supply chain management

City logistics
Intermodal transport, logistics centres and freight terminals
Green logistics and green supply chain management
Analysis of handling, and storage processes
Smart logistics, innovations in transport and logistics
Humanitarian logistics
Performance measures and efficiency analysis in logistics systems
Reverse logistics and closed-loop supply chains

Maritime Transport

Green shipping
Unmanned vehicles
Sustainability of maritime transport
Navigation and maritime communication
Ships and their systems
Offshore units
Smart port technologies

Transport of dangerous goods

Regulations on the transport of dangerous goods
Receipt and dispatch of dangerous substances
Handling and storage of dangerous goods
Risk management in transport of dangerous goods
Hazardous waste management

Information and communication technologies

Machine learning and artificial intelligence in transport
Autonomous vehicles and systems
Internet of things
Digitalization of transport
Industry 4.0
Intelligent transport systems
V2X communication

Telecommunication traffic and networks

Telecommunication traffic management
Telecommunications market analysis and modelling
Telecommunications network and service optimization
Teletraffic engineering
Quality of Service
Quality of Experience
Wireless networks and services
Optical networking

Postal traffic and networks

Postal traffic regulation and marketing
Postal traffic management
Postal market analysis and modelling
Postal network and service optimization
Energy efficiency in postal systems
Postal service quality
E-commerce

Operations research in transport

Measuring transport efficiency
Fuzzy logic in transport
Decision-making models in transport
Application of mathematical programming in transport
Queueing theory in transport and traffic

PLENARY SPEAKERS

Investigating Impacts of Connected Vehicle Communications in Multimodal Environment through High-Fidelity Virtual Reality Modeling

Dr. **Aleksandar Stevanović**, University of Pittsburgh, Civil and Environmental Engineering, **USA**

Maas Personalization: Making public transport more convenient for everyone

Prof. **Irina Jackiva**, Transport and Telecommunication Institute, Engineering Faculty, **Latvia**

Structural Digital Twins for Vehicles and Infrastructure: Technology Review and Contributions to Safety

Prof. **Georgios Stavroulakis**, Technical University of Crete, School of Production Engineering and Management, **Greece**

PAPER SUBMISSION

- The Conference Programme Committee has the honor to invite you to submit your abstracts and full papers using [OpenConf](#).
- Authors are invited to submit papers with a length of 6-10 pages in **English language** which is the official language of the scientific conference.
- All submitted papers are subject to the peer review process. At least two reviewers will be assigned to review each paper.
- Each author may submit no more than two papers.
- Each paper must be presented at the conference in order to be published in Proceedings, either live or online.
- **Best Paper Awards** - The purpose of the Best Paper Award is to recognize and promote quality contributions to academic research and writing among scholars. The Program Committee will make a selection of nine best papers, one per each section. The author of an awarded paper, and co-authors if any, will be entitled to:

A signed and stamped official award certificate with the name of the award, the name of the paper, and the names of the authors of the paper.

It's free of charge to publish the selected best papers in Lecture Notes in Intelligent Transportation and Infrastructure.

CONFERENCE FEES

	Fee for domestic authors	200 BAM
	Fee for foreign authors	150 EUR
	Fee for authors from co-organizer's institutions	100 EUR
	Fee for online presented papers	100 EUR
	Fee for PhD students	80 EUR
	Fee for participants without paper	50 EUR (100 BAM)
	Fee for students I and II cycle of study	free of charge

Fee includes: attendance of all authors/ co-authors to all conference sessions, publishing of the paper in electronic format, coffee breaks, printed conference program, certificate, and gala dinner.

Only if more than half authors are from the University of East Sarajevo the paper will be free of charge.

– A PhD student must be the first author to be eligible for the PhD student fee of 80 EUR.

– Participants without the paper are welcome to register. The fee for them doesn't include gala dinner. In case you would like to attend the gala dinner it is necessary to pay an additional fee.

- Publishing the selected papers in SPRINGER will require an additional fee of 150 euros.
- Members of the Program Committee and reviewers can apply for reduced fees.

In accordance with the Conference policy, only papers presented during the Conference, whether in-person or online, will be considered for publication. Papers not presented will not be included in the Conference Proceedings.
